Epson has a wide selection of printers which use different inks to suit all your printing needs. From all purpose printing at home, to printing those special memories, right through to commercial proofing and professional photography.

Epson *DURABrite*™ *Ultra*
resin coated pigment ink

Revolutionary Pigment Ink
DURABrite Ultra INK

Epson DURABrite Ultra Ink lasts up to 120 years*, is water and smudge resistant and produces ultra sharp detail on plain and speciality papers. It is the ideal ink for text, graphics, home photo printing and much more.

Epson *Claria Photographic Ink*
for ultra high definition

Claria Photographic Ink

Epson Claria Photographic ink is the ultimate dye ink designed especially for photo printing. Printed on Epson's range of photo papers, it delivers ultra high definition, colour reproduction, and glossiness, with a durability superior to that of silver halide or lab photos.

Epson *UltraChrome*™
one of the professional inkjet printing industry's most recognisable names

EPSON ULTRACHROME HI-GLOSS INK

Renowned for its superior colour gamut, lightfastness and water-resistance, Epson UltraChrome is a resin-coated pigment ink that delivers prints of outstanding durability and quality.

UltraChrome Hi-Gloss: This resin-coated pigment ink set consists of eight individual ink cartridges including a gloss optimiser which coats highlight areas with a clear glossy resin resulting in an even greater shine over the entire print.

EPSON ULTRACHROME HI-GLOSS2 INK

UltraChrome Hi-Gloss2: This resin-coated pigment ink set consists of eight individual ink cartridges including a gloss optimiser and an orange cartridge. The inclusion of the orange cartridge has widened the orange, yellow and red gamut, ensuring natural skin tones.

EPSON ULTRACHROME K3 INK

UltraChrome K3: For users demanding absolute perfection in black-and-white prints, the introduction of Light Black and Light Light Black inks brings with it the ability to generate prints that exhibit outstanding greyscale and image contrast.
