## Key Features:

### 5-minute lesson planning

Bring gamification into the classroom with Lesson Activity Builder. It's a simple tool that lets you instantly create fun, engaging activities.

### Interact with lessons from an iPad

SMART Notebook Maestro lets teachers and students interact with content and lead collaborative lessons from a single iPad.

### Use innovative math tools

Powered by GeoGebra, SMART Notebook Math is built by math enthusiasts to make math a dynamic, fun subject for students. The SMART Blocks tool can be used for simple addition up to basic algebra. Students write numbers and drop them into the equation block where the answer is automatically formulated.

### Integrate student devices

Students can use web-enabled devices to engage with lessons and answer spontaneous or planned questions.

### Interactive concept maps

Map ideas and brainstorm sessions interactively, so students can explore their learning process, together.
