

Epson Stylus C110

High performance printing for the office or home.

Bring fast, high-quality, cost-effective printing to your office or home. Print superb colour graphics and photos, and keep costs down with individual ink cartridges.

Dual Black Ink System for Super-Fast Print Speeds

The Epson Stylus C110 has been optimised for high performance printing with the use of a dual black ink system. The dual black ink system allows greater printing capacity for the office environment, and with fast document print speeds of 37 pages per minute (draft), it is the perfect high productivity business printing solution.

Low Cost Individual Ink Cartridges

Because the Epson Stylus C110 uses affordable individual ink cartridges you only need to replace the colour you use.

Epson DURABrite™ Ultra Ink – For Long Lasting Prints

Epson DURABrite Ultra resin coated pigment ink has a new and improved formulation so you can now achieve sharp black text while still having the benefits of smudge, water and fade resistance. The Epson Stylus C110 does not bleed-through paper therefore creating perfect office documents.

Energy Efficient Printing

The Epson Stylus C110 offers low power printing for the office environment and requires no cool down time.

Easy-to-use Software

- Epson Creativity Suite software makes editing and printing easy.
- Epson web-to-page allows printing of entire Web pages without truncation or cropping.

Key Benefits:

- Dual black ink system for print speeds up to 37ppm.
- Superb quality with long-lasting Epson DURABrite Ultra ink.
- Keep costs low with individual inks - only replace the colour you use.
