# EPSON DISCPRODUCER™ PP-50

---

Burn and print high-quality CDs and DVDs the easy and economical way. The Epson Discproducer PP-50 is fully automated, leaving you free to get on with other tasks while it reliably publishes up to 50 discs in one batch. It's perfect for distributing information, archiving files and backing-up data.

Offering an ideal combination of quality and economy, the Discproducer PP-50 delivers accurate burning and photo-realistic printing with a low cost per unit.

Thanks to Epson's individual inks system, the cost of each produced media is low as you only need to replace the colour used and, depending on the print image, you can produce over 1,000 fully covered discs from one set of cartridges. The Discproducer PP-50 automatically stops printing until it's replaced to avoid mis-prints.

The included software is user-friendly too, with pre-defined templates and images, so you don't need to be an expert to use it.

One of the smallest disc publishing solutions on the market, the fully-stackable Discproducer PP-50 has a compact footprint and measures only 38cm wide to fit easily onto a shelf or desktop.

The Epson Micro Piezo printhead and 6-colour inks produce ultra-fine colour gradations and razor-sharp text

---

## KEY FEATURES

---

- 50 disc capacity
- Burn, print, publish dustproof and secured
- >1000 Media with one ink cartridge set<sup>2</sup>
- Outstanding print quality
- Acugrip™ technology minimises two-disc feeding
- Micro Piezo print head technology
- Low-ink sensor and LED for each cartridge

**EPSON**®  
EXCEED YOUR VISION

# Epson Discproducer™ PP-50

## Product Specifications

<b>Publishing Speed</b>		CD up to 15 discs/hour. DVD up to 8 discs/hour
<b>Publishing Modes</b>		Low volume mode up to 20 CDs/DVDs unattended. Standard mode up to 50 CDs/DVDs unattended
<b>Print Specifications</b>		Speed mode up to 60 discs/hour at 1440 x 720 dpi
		Quality mode up to 40 discs/hour at 1440 x 1440 dpi
<b>Ink Pad</b>	Ink pad life <sup>1</sup>	Approximately 30,000 discs <sup>1</sup>
<b>Ink Cartridge</b>	Ink type	Dye ink
	Colours	Cyan, magenta, yellow, light cyan, light magenta, black
	Yield <sup>2</sup>	1000 discs or more <sup>2</sup>
<b>CD/DVD Drives</b>		1 drive.
<b>Writing Speed</b>		CD: maximum 40x. DVD-R, DVD+R: maximum 12x. DVD-R DL, DVD+R DL: maximum 8x
<b>Supported Media</b>		Size Only standard 120mm discs
	Type	CD-R, DVD±R, DVD±R DL
	Surface	Inkjet printable
<b>External Dimensions</b>		Width 377mm, Depth 465mm, Height 324mm excluding AC/USB cables
<b>Weight</b>		Approximately 21kg, including stackers and ink cartridges, excluding AC cables/discs
<b>Software</b>		PC: Total Disc Maker, Total Disc Monitor, Total Disc Setup
	MAC:	Total Disc Maker, Total Disc Utility
<b>Computer Requirements</b>		PC: OS: Windows 7, Vista SP1 or later, XP SP2 or later, 2000 SP4 or later, Server 2008 R2; Server 2008 SP2 or later; and server 2003/2003 R2 SP2 or later (Windows XP and Server 2003/2003 R2 32 bit only) CPU: Pentium 4, 1.4 GHz or higher (2.0 GHz Windows Server 2008) Memory: 2 GB or larger (1 GB Vista) HDD capacity: 30 GB or larger (50 GB Windows Server 2008), 7200 rpm or more Graphic environment: XGA or more, 65,536 colours or more MAC: Mac OS 10.7.3 Lion, Mac OS 10.6.8 Snow Leopard CPU: Mac OS X 10.6.8 Snow Leopard: Intel Core Duo 1.83 GHz or more, MAC OS X 10.7.3 Lion: Intel 64bit CPU Memory: Mac OS X 10.6.8 Snow Leopard: 1GB or larger, Mac OS X 10.7.3 Lion : 2GB or larger HDD capacity: 25 GB or larger, HDD rotation speed: 7,200 rpm or more Graphics environment: XGA or higher
<b>Interface</b>		USB 2.0 (High-speed)
<b>Warranty</b>		1 year RTB warranty (free upgrade to On-site on product registration)*

For full details, see [www.epson.com.au](http://www.epson.com.au).

<sup>1</sup> The printer's ink pad is estimated to become saturated and need replacing after about 30,000 discs. Based on printing 2000 discs per month, bi-directional. Actual results will vary based on such factors as images printed, print settings, media type, frequency of use and temperature. Ink pad is end-user replaceable on Autoprinter model only.

<sup>2</sup> Actual cartridge yields may be lower with high-density images, hot or dusty conditions, less frequent printing, or printing predominantly with one colour. All ink colours are used for printing and printer maintenance, and all colours have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal.
