- Performance figures are printer speeds only; actual production times will vary depending on computing platform, print application, file format/ size and networking configuration.
- Printers do not ship with ink; one starter pack (either Bk or HDK) will need to be ordered separately. The independent sourcing and use of a heat press will be required and an external heater/ blower unit is recommended for high speed operation.
- Delivery & on-site service is provided free of charge within limited areas. Service cover is also conditional on a range of factors. Please see the Epson Australia & New Zealand web sites for terms and conditions.

Easy to operate with front panel controls & remote e-mail status notification

Easy to manage with integrated CISS & bulk waste system

Configurable with a choice of 2 ink sets
