

TM-C3400-LT

Colour Inkjet Label Printer with Touch Panel

Epson Inkjet Label Printer

The TM-C3400-LT is a stand-alone type, on-demand full-colour label printer with control board and XGA touch panel for user-friendly operation in a compact body.

Running on Windows® Embedded POS Ready2009, this printer is equipped with a number of Ethernet and USB ports, ready to connect a variety of peripherals such as barcode scanners, keyboards or Epson receipt printers. The 12.1 inch TFT touch panel can be tilted up to 90 degrees, optimising the viewing angle for comfortable use. The IP5X equivalent dust-proof design is ideal for a wide range of label printing needs. This label printing printer allows users to print in full colour and on-demand without connecting to a PC. Using Epson's genuine pigment inks, high quality labels are resistant to water, alcohol and challenging environmental conditions such as UV lighting.

KEY FEATURES

- Compact size with control board and touch panel already built-in
- 12.1 inch XGA TFT colour LCD touch panel
- Epson's genuine pigment inks
- Printing speed of up to 92mm/sec (in full colour)
- IP5X equivalent dustproof design
- Equipped with a durable auto-cutter

Compact all-in-one terminal

12.1 inch XGA TFT colour LCD with touch panel

Convenient adjustable screen

EXCEED YOUR VISION

Logistics

Coloured logistics labels help to distinguish between different groups and categories and allows prioritisation of products and services. Warnings about sensitive or hazardous packages can now be easily shown with the use of colour cues.

Events and Ticketing

Personalised, colourful wristbands are a valuable tool for reliable access control at major events. Printing tickets in full colour on-demand allows the customisation of unique and attractive designs whenever required.

Manufacturing

Increase productivity by using colourful visuals on product packages and labels. Reduce inventory cost and eliminate label spoilage by printing on-demand colour labels instead of using pre-printed labels. Use colour to highlight product specification, include product pictures and support the manufacturers' brand.

Retail

In-store production of full colour labels that reflect product specifications and your company's branding. Create custom designs of promotional labels and use colour marking to target sales of specific products to different customer demographic profile.

SPECIFICATIONS

LCD	12.1-inch TFT-colour-LCD
