## Epson Stylus™ Office T30

## Quality & Economy

Epson Stylus™ Office T30 - the very best in personalised office desktop printing.

### Enhance Business Productivity with Laser Print Speed

Maximise time efficiency and productivity with the Epson Stylus™ Office T30 with an amazing draft print speed of up to 38 pages per minute.

### Dual Black Cartridges

With unique dual black cartridge ink configuration, not only will you enjoy greater page yield, you will reduce the hassle of replacing cartridges frequently.

### Laser-sharp Quality

Epson DURABrite™ Ultra ink technology delivers laser-sharp quality prints that dry instantly and are water, smudge and fade resistant. Rest assured that important business documents will last for years to come.

### High Durability, Minimum Maintenance

The Epson Stylus™ Office T30 is equipped with Epson's latest Micro Piezo™ print head technology. Micro Piezo™ delivers unrivalled quality prints with VSDT (Variable Sized Droplet Technology). It is precision-tuned for maximum performance in producing high quality documents and photos without compromising on speed.

### High Resolution for Quality Prints

With a high resolution of 5760dpi, the Epson Stylus™ Office T30 is capable of producing photo quality prints, making it an indispensable asset for producing impressive business proposals.

### Maximised Cost Savings with Epson Individual Cartridges

The Epson Stylus™ Office T30 is equipped with 5 individual ink cartridges (2 black and 3 colour). There is no wastage as you only replace the colour you use. The dual black ink cartridge system reduces the inconvenience of replacing cartridges frequently. In addition, black ink cartridges are available in standard and high capacity to cater for different printing needs. Purchase ink based on your business needs for greater cost savings.

### Energy Efficient Features to Minimise your Operating Cost

Consuming only 15W during printing mode, the Epson Stylus™ Office T30's energy consumption can be up to 3 times less than conventional laser printers. Optimised energy efficiency is key to minimising your operating costs.

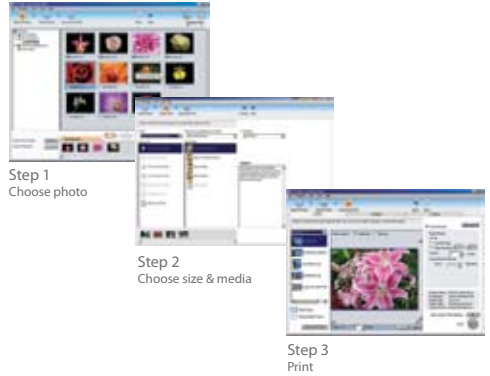

## More Choices with Paper Flexibility

While laser printers are normally limited to plain paper and envelopes, a unique feature of the Epson Stylus™ Office T30 is its ability to print on a wide array of media such as glossy photo paper. This makes it a versatile partner for all your personal or work-related projects.

## Photo Perfection with Epson Creativity Suite

The Epson Stylus™ Office T30 comes with powerful and easy to use photo and document management software including:

- Epson Easy Photo Print  
Achieve photo lab quality prints in just 3 steps with this easy to use software.

Step 1  
Choose photo

Step 2  
Choose size & media

Step 3  
Print

- Epson PhotoEnhance  
Beautiful and natural prints with automatic adjustment of skin tones, colour casts and exposure levels.

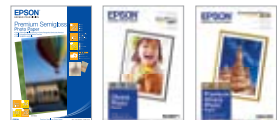

## Partners in Perfection

An efficient and important partner to your office document digitisation needs, Epson's range of business scanners brings you incredible image quality and accurate colour reproduction. Simply scan to archive or to share.

Epson inks are designed specifically to work with your Epson printer to deliver permanent, long-lasting prints.

Epson specialty paper media is designed to complement Epson genuine inks to produce exceptionally high quality prints.

## Epson Stylus™ Office T30

Weight: 3.8kg

\*To use USB port, your PC must conform to PC98 specifications, and have Windows preinstalled. Consult the documentation provided with your PC for further information about USB connectivity. Note also that printing errors may occur if non-standard cables or more than 2 USB hub connections are used.

\* Print speed (PPM) when printed on A4 plain paper in the fastest mode. 10x15cm photo print speed when printed on Epson Premium Glossy Photo Paper in default mode. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.
